Matching Colours for the perfect blend

The Van Son PANTONE Series provide the solution you need to precisely match the designer's choice from the PANTONE® Colour guides, or even specially formulated corporate or branded colours. Suitable for use on a broad range of substrates, Van Son PANTONE Series also serves up a host of impressive characteristics that include precision dot sharpness and a high gloss that will please the most discriminating eye.

When you choose Van Son PANTONE Series, you get Van Son's deep and vibrant hues, unequalled trapping capabilities, fast setting and excellent rub resistance. The Van Son PANTONE Series Basic Colours are formulated to work in combination with the Van Son ULTIMATE, SUPREME and process colours from the Quickson range.

The PANTONE MATCHING SYSTEM® offers a wonderful spectrum of authentic, vibrant colours perfect for any application. For matching these colours the Van Son PANTONE Series is your choice of ink when you need premium high-performance printing that produces vibrant results.
